

# Bring Along Celebi and Befriend Zorua!

If you transfer this Celebi to your *Pokémon Black Version* or *Pokémon White Version* game, a special event will occur, and you can receive the new Pokémon Zorua™!

Zorua is Pokémon you will rarely see in the Unova region. You won't find them wandering around outside or in caves like normal wild Pokémon. This unique Pokémon that links the latest Pokémon movie to the video games can only be obtained in a special way.

You will need to use a special method to transfer Celebi to your copy of *Pokémon Black Version* or *Pokémon White Version*. Please see [pokemon.com](http://pokemon.com) for more info.

Zorua awaits in disguise in a certain town in *Pokémon Black Version* and *Pokémon White Version*. Bring Celebi along, and Zorua will reveal itself and join you.

You will also need to make sure you have obtained the Pokédex in your game.

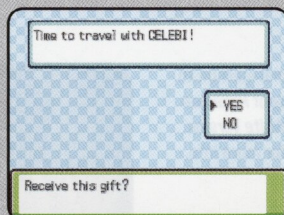

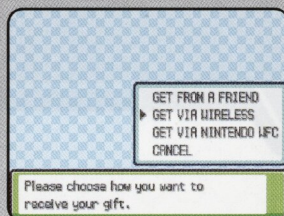

Make sure you don't have more than two Wonder Cards. If you do, you'll need to delete one to make room. Your Celebi cannot be deposited into the GTS.

- 1 Turn on your game and select "MYSTERY GIFT" from the main menu. If this is your first time using MYSTERY GIFT, a message will appear letting you know that a signal has been detected. If you don't have a Pokédex yet, a screen will appear and tell you that you need to get it first.
